### Rave Reviews (continued)

**“One of the most complete and clearly-presented books ever written** on the vitally important subjects of Social Security and Medicare. This books tells it all, clearly, for all to understand.”  
★★★★★—top rating

**Amazon.com reader**

**“Great resource for professionals. This should be mandatory reading for rookie as well as veteran financial planners.** The author lays out the often confusing "world" of Social Security in an understandable and entertaining fashion. The book's title says it all.”  
★★★★★—top rating

**David Koch, CFP®**

**“Best explanation of Social Security I've ever seen in print. I'm a retired Social Security Claims Representative and I rate this book as the best explanation of Social Security benefits I've ever seen.** The

writer's style is great and he has a nice, friendly approach. It's not an easy subject, but he explains things in a simple, understandable fashion.” ★★★★★—top rating

**Amazon.com reader**

**“For anyone who is approaching eligibility, [this book] is a very useful resource. Recommended.”**

**Midwest Book Review**

**“Absolutely fabulous!!** My husband ordered this. This book gave information he had not found anywhere else and now that he's 62, we want to know exactly what our benefits are. We have an adult disabled son and this book explained some critical information that even our attorney did not know (or failed to tell us) that could affect SS benefits (in a positive way) if our son's disability is deemed severe enough for the special rules.” ★★★★★—top rating

**Amazon.com reader**

**“Landis does for Social Security what J.K. Lasser and others have done for taxes—provide reliable, understandable, and comprehensive guidance.”**
